

COURAGEOUS FAITH RISK ASSESSMENT SHEET

If you are considering a change, take into account the risk both of staying as you are and of making the change. In the following sections, prayerfully consider:

- Who or What is at Risk?
- What is the Risk to Them?
- The Nature of the Risk (physical, spiritual, financial, emotional, etc.)
- The Risk Level
- The Significance (what life will potentially look like after I choose this path) and the Probability of the Risk.
- If the Risk can be Mitigated
- Biblical Commands and Promises related to the Choice
- The "Dung" Principle.
